

Agape Care is a non-medical in-home care agency providing assistance and post operative recuperation to seniors, new mothers, special needs children, people with

disabilities and long term illnesses. We offer the services clients need to remain or recuperate in the comfort and privacy of their own home. Our Mission is to provide our clients dependable high quality care. We are committed to serving with an attitude of unconditional love and acceptance. We assist our clients to sustain the best quality of life by maintaining their dignity and independence to the best of their abilities, circumstances and environment.

Agape Care offers two levels of service:

Homemaking and Companionship Services

assist clients with the ordinary everyday tasks such as vacuuming, dusting, cleaning bathrooms and laundry.

Companionship services may also include cooking meals, assisting with dressing, running errands, grocery shopping and incidental transportation to necessary appointments and social engagements.
